Lawrence Kolb, M. D.,
Hygienic Laboratory,
25th & E Sts.,
Washington, D. C.

Dear Doctor Kolb:-

I opened and read your letter dated September 20th yesterday and regret my answer has been delayed until now.

We cannot visit the institutions you mentioned in your letter without obtaining permission from the heads of Departments. I would advise you to communicate with Dr. Wilmer Krusen, City Hall, Philadelphia in reference to cases at the Philadelphia General Hospital; Mr. Charles H. Grakelow, Director of Welfare, City Hall, Philadelphia in reference to cases at the House of Correction at Holmesburg; and Dr. Joseph M. Reeves, 1916 Spruce Street, Philadelphia in re Philadelphia County Prison. I would state specifically cases you desire to examine and object of examination. I believe an official communication will have more weight than a personal interview.

Should you obtain permission to examine Drug Addicts in these Institutions, communicate with me and I will meet you at the office of the Narcotic-agent-in-charge, Mr. J. B. Greeson, 409 Post Office Bldg., 9th and Chestnut Sts., Philadelphia.

Sincerely yours,

John H. Remig
