Dear Joshua:

As you can see from the enclosed information, a new Journal has been developed for recombinant molecule work. It seems as if it would be a highly appropriate Journal for work in recombinant molecules with Bacillus subtilis. Therefore, I am sending you a copy of the editorial board and urge you to consider this Journal as you develop your recombinant molecule work in Bacillus subtilis.

I trust that you work is going smoothly. Looking forward to seeing you at the ASM meeting if not sooner.

Sincerely,

Frank
