Dear Josh,

I was of course delighted to see that you have been elected a Foreign Member of the Royal Society. I know that very many honours have come your way but I do hope that you will take advantage of this one in the sense of having contacts with the Royal Society and, through that, more contact with the U.K. Please let me know when you plan to come for the admission ceremony as of course Julia and I would be delighted to have a chance to be your hosts while in London.

In less than two months of course I take up my new position and by the end of the summer I hope we will all be settled in our new and very different, but nevertheless I hope, stimulating and interesting way of life.

With very best wishes to you, Margeurite and the family.

Yours,

Walter
