Psychiatric Research

Is it an unrealistic fantasy for us to jointly recruit someone like Dick Wyatt to organize a CUMC/RU program? As part of the package I visualized reactivating one floor of the R.U. Hospital (10 beds) specifically as a psychiatric research unit.

My information is that an approach to Wyatt would be timely very soon. ~~But~~ I do not know him personally; but I am relying on sources I trust -- Dave Hamburg, Jack Barchas and Phil Berger.

What is the next step?
