Dear Josh:

Delighted to get the dope on what you are doing. Too complicated for me. Have asked our Bio Editor to read it and discuss with me so I could get a better idea of what's cooking in this business of sex life of bacteria.

Would like to see you this weekend but will be away for the Thanksgiving Holiday. Sorry!

Do keep in touch with me and let's hear how you make out.

Bare possibility I might return to school next Sept on a research fellowship. I have forgotten so much in last 5 years it has ceased being funny.

With all good wishes -

Cordially

If you see Sid Bludman, give him my best.

Will you be attending any of the AAAS meetings in Boston

this Xmas. I will be there from Dec 23-31st at the meetings.
