Dear Dr. Lederberg:

Thank you for a stimulating telephone discussion. You have given me much to think about; and I am convinced that your collaboration in Senator Cranston's aging research organization will be invaluable. I am sending along the NIA "Redbook" on the state of the science.

I have changed the reorganization meeting to Wednesday, 25 July, in Senator Cranston offices (Room S-138 Capitol), 10:00 a.m. to 4:00 p.m. Some tentative points for the Agenda and a list of the initial members of the Board of Directors (who will be present) is enclosed.

I am most seriously interested in a statement of your views on the best course for this organization, the kinds of research it should support, the particular focus its policies should seek, etc.

I have permitted myself the liberty of making an appointment with you, through Ms. Zimmerman, for 5 July, at 4:15 p.m., and look forward to seeing you then.

Sincerely,

Ellen Orbach
