Assoc.Professor J. Lederberg,
Department of Genetics,
The University of Wisconsin,
Madison 6, Wis., U.S.A.,

Dear Professor Lederberg,

Many thanks for your letter of 7 April. I think I shall get into a hopeless tangle with my accounts if I start selling reprints. In the circumstances, I ask you to be kind enough to accept your cheque back again. I am putting your name on the list of those who will receive my Cell-theory papers as they are published. I am trying to keep this list as short as I possibly can, in order to save expense. I very much hope that the Quarterly

Journal of Microscopical Science will become better known in the United States.

With good wishes,

Yours sincerely,

John R. Baker.
