Dear Josh

I send you the enclosed MS of several chapters of our book on the chance that you may have an idle moment in which, to gain an impression of them. I'd be less interested in your comments about the details of what ~~I have~~ we say than I would in your general assessment, although I would value both. Don't waste your time, however, if you can't get to it by early September, please just send the chapters back to me.

Saw Hirota on his way to

England. Too bad he has to follow Adleberg & François with this publication.

Summer work here has been quite productive & certainly fun. It now seems that I'll be in Japan in October & in Israel, after all, from Nov. to Feb. Thanks so much for standing as a perpetual reference for me.

All-the best to you and Esther

Sincerely

Frances
