ACME Computing Facility

Advanced Computer for Medical Research

Stanford University School of Medicine

ANNUAL REPORT

FY 1972

Primary support from

Biotechnology Resources Branch

National Institutes of Health

NATIONAL INSTITUTES OF HEALTH

DIVISION OF RESEARCH RESOURCES

BIOTECHNOLOGY RESOURCES BRANCH

RESOURCE IDENTIFICATION

Report Period:

From: August 1, 1971 To: July 31, 1972

Grant No.

RR - 311 - 06

Date of Report Preparation:

May 1972

Name of Resource	Resource Address	Resource Telephone No.
Advanced Computer for MEdical Research (ACME)	Stanford University School of Medicine Stanford, Calif. 94305	(415) 321-1200 ext. 6121
Principal Investigator	**Title**	**Academic Dept.**
Lederberg, Joshua	Professor	Genetics
Grantee Institution	**Type of Institution**	**Investigator's Telephone No.**
Stanford University School of Medicine	Private Non-Profit University	(415) 321-1200 ext. 5801

Name of Institution's Biotechnology Resource Advisory Committee:

ACME Policy Committee

Membership of Biotechnology Resource Advisory Committee:

Name	Title	Department	Institution
*Elliott Levinthal	Assoc. Dean for Research	Genetics	SU Med School
Stanley Cohen	Assistant Professor	Clin. Pharmacology	"
Joseph DeGrazia	Assistant Professor	Nuclear Medicine	"
Donald Harrison	Associate Professor	Cardiology	"
Sumner Kalman	Professor	Pharmacology	"
Howard Sussman	Assistant Professor	Pathology	"

*Chariman; has reviewed report.

Name and Title of Principal Investigator	Signature	Date
Joshua Lederberg, Prof. of Genetics		
Name and Title of Grantee Institution Official	**Signature**	**Date**

TABLE OF CONTENTS

INTRODUCTION.....1

I. SUMMARY.....2

A. Highlights of Fiscal Year, 1972.....2

B. Goals for Fiscal Year, 1973.....3

C. Comment on Medical Center Computer Planning.....4

D. Overview of Six-Year ACME Experiment.....5

II. STANFORD MEDICAL CENTER COMPUTING PLANS.....7

A. The Medical Center Scene.....7

B ACME Follow-on Grant.....7

III. ACME FACILITY ACCOMPLISHMENTS, 1972.....9

A. Planning Studies.....9

B. New and Continuing Application Programs.....11

C. System Software Improvements.....13

D. Hardware Changes.....17

E. Operations Report.....20

F. Education and Training.....22

IV. PLANNED PROGRAM FOR 1973.....24

A. Objectives.....24

B. Applications Development.....24

C. Hardware Acquisitions.....27

D. System Software.....28

V. ADMINISTRATIVE ORGANIZATION.....33

VI. BUDGET..... 35

A. Resource Expenditures..... 35

B. Justification for 1973 Budget..... 36

C. Expenditure Details..... 38

D. Summary of Resource Funding..... 43

E. Resource Equipment List..... 44

F. Income Projection..... 47

VII. PROJECT DESCRIPTIONS..... 49

A. Core and Collaborative Research..... 49

B. Service Projects..... 66

C. Training Projects..... 78

VIII. UTILIZATION DATA..... 82

A. Interpreting Utilization Charts..... 82

B. Patterns of Use..... 83

C. Utilization Charts..... 85

D. Summary of Computer Resource Usage..... 89

IX. PUBLICATIONS.....111

A. Publications in Regularly Scheduled Periodicals.....111

B. Other Publications.....112

C. Staff Technical Notes.....117

Appendix A: Summary of Campus/ACME Merger Study.....123

Appendix B: ACME System Core Timing Results.....128

Appendix C: Results of Three Compaction Algorithms.....136

Appendix D: Comparison of Meantime Between Failures.....137

Appendix E: Proposal for Small Computer Service.....138

Major portions of this report were prepared using the Stanford Campus Facility WYLBUR and ACME Facility text editing programs. Final copy was produced on the ACME system printer.
