VERY URGENT

November 1, 1994.

Prof. Dr. Joshua Lederberg
President Emeritus,
The Rockefeller University,
1230 York Avenue, New York, N.Y. 10021-6399 USA
Fax No. 001-1-212-327-8651

Dear Prof. Lederberg

I have learned from my former teacher, Prof. Dr. Natth Bhamarapavati, President Emeritus of Mahidol University and Chairman of the Prince Mahidol Award Committee, that you will be attending the forthcoming Annual Meeting of the Prince Mahidol Award Committee in Bangkok during the week of November 14-18. In the same period, we are also organizing the 10th International Neuroscience Symposium on "Prospects of Neuroscience in Thailand and South-East Asia in the Decade of the Brain and the 21st Century" in the Salaya Campus of Mahidol University. The event is a part of the celebration of the 10th Anniversary of the Neuro-Behavioural Biology Center at Mahidol University which was established by the initiative ideas of Prof. Natth. The Symposium is also organized through the collaboration of the Thai Neuroscience Society and the Federation of Indian Physiological Societies. The topic on Wednesday 16th morning session will be devoted to impact of global nutrition on the developing brain. By a happy coincidence, I have also learned from Prof. Natth that he has planned to invite the group of Committees to our campus in Salaya, and he has also suggested that it may be possible to organize a symposium around this important issue. Prof. Natth and Prof. Kraissid Tontisirin, Director of the Nutritional Research Institute have also accepted to co-chair the session. We will also invite staff and students from all faculties and institutes to attend this important symposium.

I would be very grateful if you will kindly accept our invitation to participate in this symposium, and to deliver a talk or discussion and commentary. I would very much appreciate if you will kindly let me know by a returning fax to our center at +(662)-4419743 at your earliest convenience. If this is possible, I would also like to have a short summary or abstract of your talk included in our "Program and Abstract" before November 7th. I must also express my sincere apology for this short notice.

I look forward to your reply and the opportunity to welcome you in the Salaya Campus of our university. With kindest regards,

Yours sincerely,

Naiphinich Kotchabhakdi Ph.D.
Director,
Chairman of the Organizing Committee,
