Josh..

I recd your note + the macropain / commentaries on JACS 70: 4267 (1948). Marvellous stuff. I will discuss with Peter Gwynne how we want to proceed. I of course want to run the full texts in CC as a minimum but would be delighted to see your caricatures in a "personal comment" in T.S. We'll also need Doris's picture for that too.

Please note my correct home fax number is 215/922-4830.
