Dear Dr. Lederberg:

I am in receipt of your letter of June 11. We were very happy indeed to have you and your wife with us during the dedication of the Institute of Microbiology. Your own contribution has added materially towards making the symposium a marked success. I hope that when you have an opportunity to come again this way that you will take a little more time so that we can discuss at leisure various problems of mutual interest.

I am transmitting your bill to Mr. Isaacs who will attend to it shortly. We are looking forward to receiving from you the final copy of your address.

With kindest regards, I am

Cordially yours,

Selman A. Waksman
