Dear Joshua:

Thanks for sending the microfilm from "Priroda". It is a brief precis of your papers with nothing new, so I don't imagine there is any great point in translating it. If it is really important to you I will be glad to send you a literal translation, but I thought you might not be interested because of its limited nature.

If it's of any value to you, please don't hesitate to let me know.

Sincerely,

Bernard D. Davis
