Dr. J. Lederberg,
Dept. of Genetics,
University of Wisconsin,
Madison, Wisconsin.

Dear Dr. Lederberg:

We are glad to learn that you find it possible to come to Chicago to talk before our Genetics Club. Friday, May 21, 8 P.M. seems satisfactory and we will schedule the meeting for that day and hour.

I have a class until 5 P.M. Friday afternoon so cannot meet your train but take a taxi to the Zoology Building, 57th and Greenwood. I'll be in my office after 5 P.M. I want you (and Mrs. Lederberg if she is with you) to be my guests for dinner Friday evening. We can go directly from dinner to the place of meeting, Zoology 29.

I shall arrange hotel accomodations for you for Friday night. Let me know whether Mrs. Lederberg will accompany you so I can arrange accordingly.

Saturday morning we should like to have you visit laboratories and investigators on the campus. We are planning a small luncheon at the Club for Saturday noon. After that we shall not be responsible for your activities.

Cordially yours,

Herluf H. Strandskov

P.S. Please send soon the title of talk.
also let me know if Mrs Lederberg will accompany you.
