Dear Dr. Sonneborn:

The printers of the Symposium volume have asked me to refer to you a question they have in regard to your order for reprints. It appears that you did not provide for the double plate (printed both sides) in the \$20.90 check which accompanied your order. You listed your article as 15 pages, and if this is correct the 300-reprint price of \$15.40 is correct, and the \$5.50 for 150 covers is right. But there is no provision for plates, involving \$8.75 more for 300 copies.

Will you please let us know about this as soon as possible, so that I can communicate with the printer and forward the additional check to him if necessary?

Sincerely yours,

M. Demerec
