Dear Josh,

Since I am endorsing a couple
of biochemists (any the McElroy) for
memberships in the ^{Nat} Academy of Sciences
I would suggest that you ^{or At Hensley} (if somebody
else hasn't done it already) proposed
Seymour Benzer, Seymour S. Cohen &
Rollin D. Hotchkiss. Max Delbrück would
probably take care of Benzer anyhow. Seymour
Cohen is close to biochemistry and I might
drop a line to Arthur Komly. Anyhow the
Academy needs fresh blood.

Kindest greetings &
Wishes for Xmas & New Year
to you & Ethel & us

Yours yours

John

P.S. After X-mas I will
write you a letter about an
idea about a symposium at the
National Academy on something like
"The Molecular Basis for Interaction of Alleles"
We have also fine news to tell in our Kiz research. ~~It~~
