

MEMO FROM  
J. LEDERBERG  
GENETICS DEPARTMENT  
STANFORD UNIVERSITY  
STANFORD, CALIFORNIA

TO:

John Giffers

~~TX~~  
~~RC~~  
RO

No hope just now. I'm about to leave  
for Europe myself now — first stop  
the Zoological Station at Naples, in fact.  
Will return in mid June. No  
stopovers last contemplated. Sorry.  
Why don't you come out here?

J.L.

P.S. Did you know Bernard Vogel had  
a project on biochemical genetics  
coming along?
