

Dear Mr. Lederberg -

Would you please send me a reprint of "Gene Redomb. & Linked Segregations in E. Coli?" Am interested in your work, & would appreciate being put on your reprint list. When you send it, could you slip in a note telling news of the Banners? They coming out here with Tatum?

Best regards to your wife. Tell her I was recently at Cal. Tech. & found the ~~same~~ the same - except that the Boss can't find time for research! - B. Wright.
