December 13, 1967

Dr. Haskell F. Norman
San Francisco Psychoanalytic Institute
2420 Sutter Street
San Francisco, California 94115

Dear Dr. Norman:

Further to my letter of October 19, I thought you might be interested in the column that I wrote embodying some of the remarks quoted from Freud's article, and also that it has been the occasion of some rather lively correspondence in the columns of the Washington Post.

Sincerely yours,

Joshua Lederberg
Professor of Genetics

H. F. NORMAN
