Dear Professor Ledenberg,

This is just a note to say that my schedule here is at last well organized and that I shall reach San Francisco on the evening of January the 11th.

I hope, therefore, that there will be an opportunity to see you on Friday January the 12th.

On my arrival at Stanford I shall ~~be~~ get in touch with you by telephone. I anticipate that you will not receive this letter until the 9th January. If there is any difficulty about the 12th could you get in touch with me? A message would reach me at :- N. Winecott, 530 West 112th St. # 64, New York 10025, Telephone: - 212/666 0376.

I do hope this plan fits in with yours.

Yours sincerely,

Robert Olby
