

115 EAST 82ND STREET

NEW YORK CITY

Friday evening

My dear Dr. Heiberg:

I have been prevented by a
cold from going to the Institute and
I therefore missed your talk, but
heard from several of your splendid
discoveries. Let me congratulate you
and tell you how happy it makes me
to see you succeed. Your work is a
great achievement that may turn
immensely into a new and most
fertile literature.

Sincerely
Jenssen
