

No. 5 Milk Street,  
Boston, February, 1858. }

Sir:

I beg leave to call your attention to a new medical discovery, for the cure of PULMONARY CONSUMPTION, which has but recently been introduced to the public of this country, under the name of

**FOUSEL'S PABULUM VITÆ.**

Those of our physicians who have examined this medicine, and been made acquainted with the ingredients of which it is composed, express great satisfaction in reference to it as a remedy for Pulmonary complaints. Dr. A. A. Hayes, the State Assayer, testifies to its unequalled virtues, as you may see by his certificate herewith.

As your recommendation of the medicine may have great influence with persons among your acquaintance suffering from Pulmonary disease, I have taken the liberty to call your attention to this remedy, from the conviction that through its agency much suffering may be alleviated. I am aware that there are many worthless nostrums in the market, claiming to be remedies for Consumption, and that it is difficult to distinguish really efficacious specifics from mere quackery; but I have so much confidence in the healing virtues of this medicine, that, if you desire it, I shall be happy to send you a trial bottle FREE OF CHARGE, which you can try upon any patient among your acquaintance in the FIRST or MIDDLE stages of consumption, and I will abide by the result as to its efficacy.

Your Obedt Servant,

F. J. LAFORME, Sole Agent.

DR. A. A. HAYES' CERTIFICATE,  
"FOUSEL'S PABULUM VITÆ."

"This preparation, by chemical analysis, was proved to be free from Opium or any of its compounds, nor were any of the Alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are officinally used in alleviating pulmonary disease, but the device by which they are combined is new and original, and adapts the compound to inhalation or other modes of administration."

Respectfully,  
(Signed,)

A. A. HAYES,  
State Assayer.

16 Boylston Street,  
BOSTON, DEC. 19th, 1857.
