THE NEW

*Alcaline Aperient Pills,*

PREPARED FROM THE

*RHUBARB ROOT,*

BY

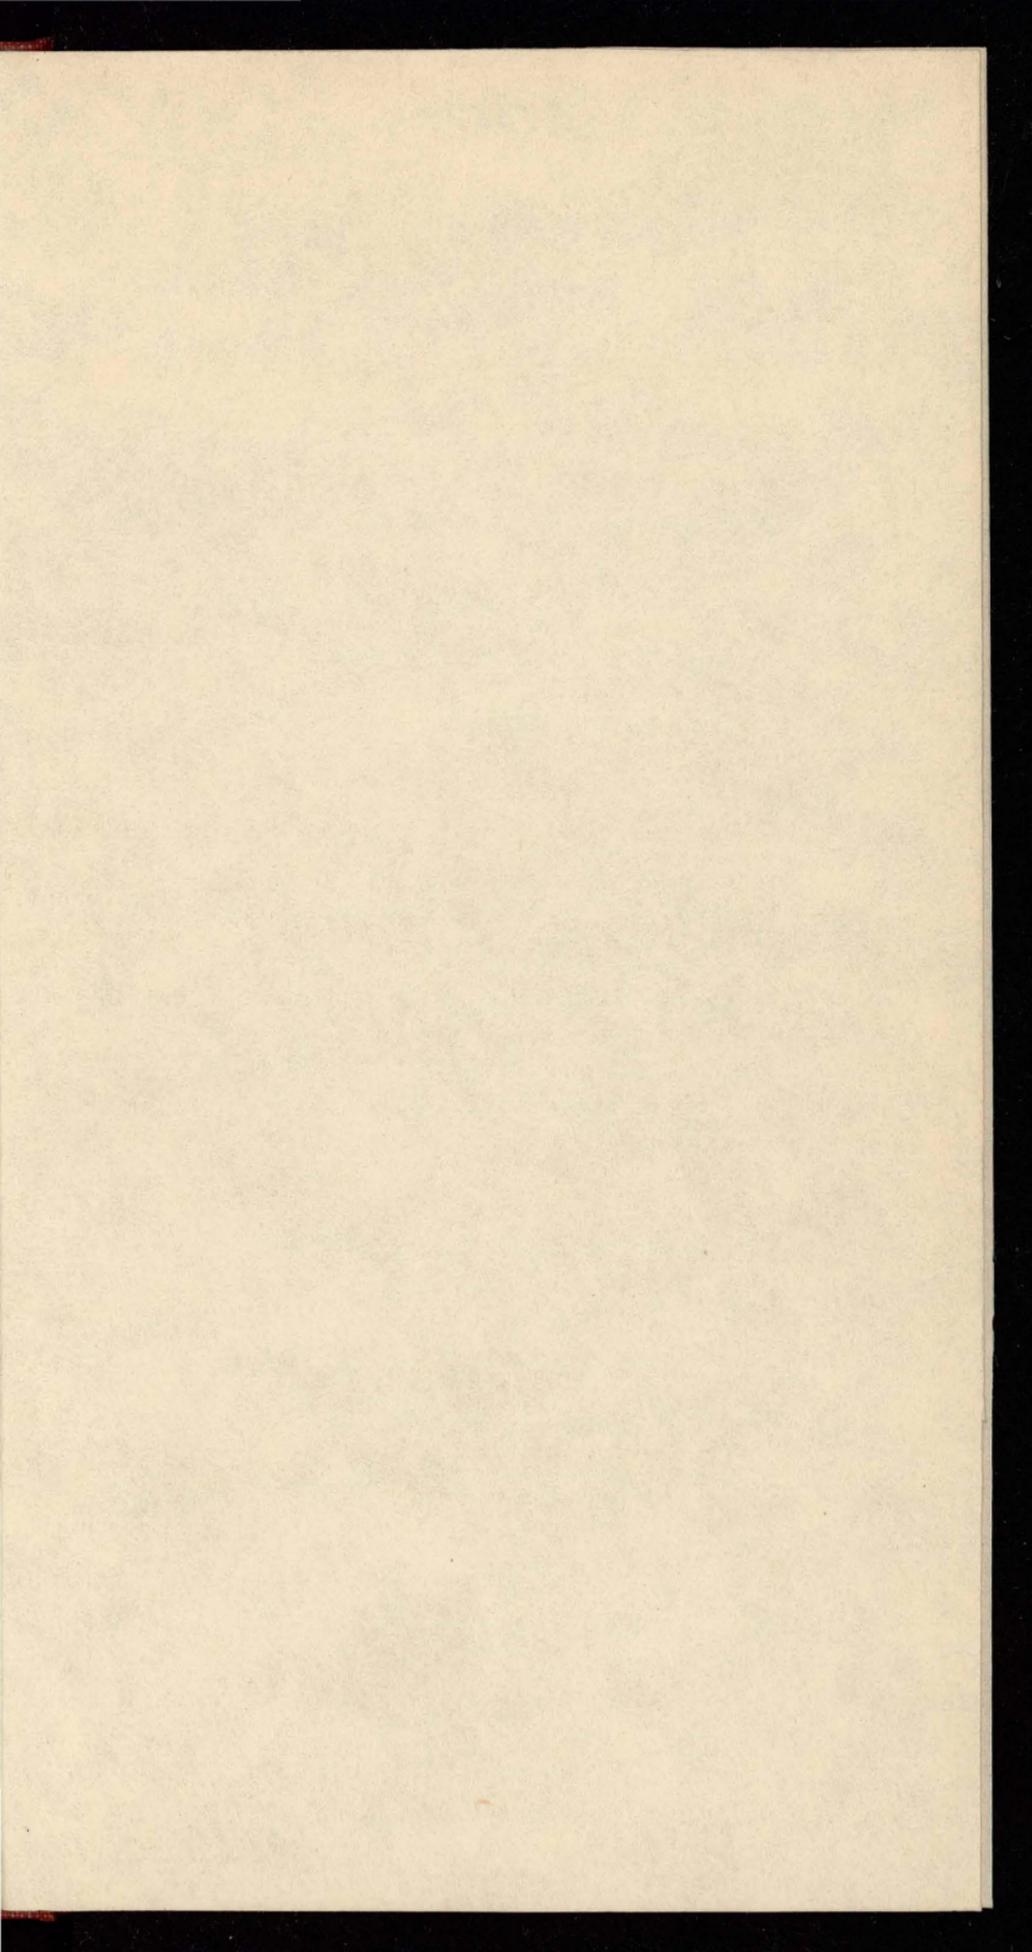

**H. BARTLEY,**

PHARMACEUTICAL CHEMIST.

NEW-YORK.

These Pills are prepared from the receipt of one of the first physicians in England, and extolled by the most eminent in France and Germany; and were also used by Mr. Samuel Jackson, Northumberland, Pennsylvania, for 18 years, with unparalelled success: in cases of Piles, Gravel and disorders of the Hepatic Region, and found to supercede almost every other preparation, in diseases of the Viscera in general.

Sold by most Druggists in the city, at \$1 per Box, containing 48 Pills.
