# Keep this Book for Future Reference

---

This book will be the means of saving many dollars to thousands of people in Harrisburg and Scranton, and surrounding towns. Will you be one of them? It contains the lowest cash prices for almost everything sold in a drug store. It enables you to get better and fresher goods at a saving of from 25 to 50 per cent.

Our large business enables us to sell you goods at prices much lower than any other drug store, because we buy our goods in large quantities for cash and sell them for cash.

We started out to sell our goods at a small advance—above cost—a fair profit. We believed that by selling close we could greatly increase our already large business, and that a little profit on many was better than a large profit on a few articles.

If freshness of goods, saving of money and reliability counts with you, we shall expect to serve you at CLARK'S, 306 BROAD STREET, HARRISBURG, PA., and 326 PENN AVENUE, SCRANTON, PA.

---

**W**E CANNOT too strongly impress upon you the fact that we are very close buyers and therefore can sell to you close. We pay spot cash for everything and take advantage of all discounts. We receive our goods direct from the manufacturer, which insures their freshness and genuineness to you. We sell more Patent Medicines than any store in Harrisburg and Scranton. Why? Because the people have learned that they can purchase fresher goods from us for less money than they can from any other house. Our profits on each individual item is small, but at the end of each day, after our immense trade is cared for, we find we have made a fair profit on the whole amount.

Are you dealing with us? Do you think our goods are not fresh and genuine because we sell cheaper than any other house? Let us convince you to the contrary—a single purchase will do it.

We attribute our great success to selling nothing but good, genuine goods, putting the price down to rock bottom and getting the confidence of the people.

## How to Order Goods.

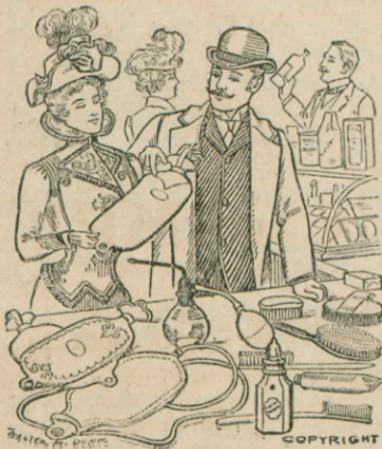

When sending an order, write at the top of your letter your Post-office, County and State. State clearly how you wish your goods sent—whether by Express, Mail or Freight. If by mail, remit the money for postage at the rate of one cent for each ounce. Liquids cannot be sent by mail, except when package is small. To cover extra weight of packing, remit at rate of two cents per ounce. Postage cannot be collected on delivery of goods. We strongly advise sending goods by express. If the Express Company fails to deliver the goods, they are responsible, and will pay for them.

## How to Forward Money.

It is better to send too much than too little; all excess is returned with bill, and having too much saves delay in writing for balance due before goods can be shipped. Send it by Postal Note or Money Order, which you can obtain at any Postoffice. A Postal Note under \$5.00 costs but three cents; Money Orders not exceeding \$5.00, five cents; \$5.00 to \$10.00, eight cents; exceeding \$10.00 to \$15.00, ten cents.

## Goods Sent C. O. D.

If you wish us to forward goods to you C. O. D. by Express, we will do so, but we advise you not to order goods sent in this way. The expense of returning money by express will add materially to the cost of your purchase, without any corresponding advantage.

## A Rubber Bag

Is essential to have in the house in case of sickness, and the right kind is infinitely superior to the "just as good" kind. The best is what we always keep in all kinds of rubber goods. We carry a full line of Breast Pumps, Hot Water Bags, Nipples, Bulb, Fountain and Ear and Ulcer Syringes, Suspensory Bandages, and a large assortment of Trusses, Supporters, Combs, Brushes, Perfumery, Etc., at about one-half regular prices.

# Ladies

The old adage that "beauty is only skin deep" is a trite, though doubtless a true saying. However this may be, it is an absolute certainty that FOWLER'S TRY-PHENA TOILET CREAM gives a skin of childlike purity. It feeds and nourishes impoverished, shrunken skin and cellular tissues. Insures a perfect complexion. Banishes all imperfections. Cures all skin diseases. A dainty toilet necessity of surpassing luxury and incomparable richness.

**A SKIN CORRECTIVE**

**A SKIN TONIC**

**A SKIN FOOD**

**A SKIN BEAUTIFIER**

**The Most Astonishing Transformations in Personal Appearance are  
Brought About by Its Steady Use.**

Purely a Skin Food, and in no sense a Bleach, Enamel or Cosmetic.

It speedily banishes Pimples, Freckles, Blackheads, Yellow or Muddy Skin, Moth Patches, Liver Spots, Sallowiness, Eczema, Redness, Roughness, Oiliness, Eruptions, Tan, Sunburn, Moth Spots, Discolorations, Wrinkles and Crow's Feet, and imparts

## **A SKIN OF CHILDLIKE PURITY.**

It is also particularly recommended for Chapped Hands, Face and Lips, Scaly Eruptions, Hives, Ringworm, Ivy Poison, Herpes, Tetter, Bee Stings, Mosquito and other Insect Bites, Dandruff and other irritations and affections of the Scalp. Cold Sores, Ulcers, Blisters, Felons, Erysipelas, Burns, Scalds, Flesh Wounds, Chafing, Itching, Nettle Rash, Salt Rheum, and all affections of the skin, etc., in general.

It is not a white-wash, and its effect is not to cover up imperfections, but to so correct them and their cause by its purifying and emollient properties as to leave the skin exquisitely soft, smooth, pure and in its natural healthy condition. It imparts the tint of the lily and blush of the rose to the plainest face. It is the skin food, which gets to the very root of all skin difficulties. It cures. The result: A perfect skin, a charming face. It is neither oily or clammy, is free from the greasy nature of camphor ice, cold cream of the shops, etc., delightfully perfumed, and is guaranteed to be free from all harmful ingredients, in proof of which we would remark that it is entirely edible, and can be used with perfect impunity on the tongue, inside of the throat, lips, etc. It is the only successful substitute for glycerine, and is perfectly free from the sticky, irritating qualities of the latter. All possible objections in skin foods have been eliminated and every possible virtue added. In fact, it is the daintiest toilet requisite that ever graced "my lady's" dressing table.

## **MAY BE FATAL THIS TIME.**

An Unfortunate Result of the Cruel Work  
of the Druggist Who Substitutes Some-  
thing Just as Good.

An incident occurred in this city re-  
cently which demonstrates once more  
the very great evil of practice some drug-  
gists and dealers have, of refusing to sell  
the customer the article asked for, sub-  
stituting instead thereof something of  
their own production, on which they  
make a larger profit.

Some three weeks ago a lady member  
of a prominent family in the West End,  
suffering from a severe headache, sent a  
little boy to a neighboring drug store to  
secure for her Hoffman's Headache

Powders, a preparation which she had  
frequently used before and with great  
success. Without any explanation what-  
ever, the druggist, instead of giving the  
messenger Hoffman's Headache Pow-  
ders, sent another powder of his own, on  
which, of course, he made a greater  
profit than he would have made on Hoff-  
man's. In her anxiety to be free from  
pain the lady did not wait to return the  
substituted article, but immediately took  
one of them, in the hope to be relieved  
as promptly as she had been by the use  
of Hoffman's, with the result that in half  
an hour she was in great pain. A doctor  
was summoned, and has been in constant  
attendance at her bedside for the three  
weeks since. All the while she has been  
hovering between life and death, and  
even now it is doubtful as to whether or  
not she will recover. The doctor has  
expressly stated that the powder admin-  
istered was the cause of her illness.

Physicians and Druggists are Continually Recommending

## DR. LINDLEY'S FIT CURE.

It has no superior for the

### PREVENTION OF EPILEPSY OR FITS.

During twenty years since Dr. Lindley's Fit Cure was first introduced, there has been no attempt made to force it upon the Druggists' shelves. The sterling old remedy has now become so widely known that the demand has reached the trade, and every mail brings orders direct from druggists. It is a fact that Dr. Lindley's Fit Cure is the only specific for Epilepsy and other nervous disorders that has won its way through merit rather than advertising. It does the work—it cures—and it is therefore a safe remedy to recommend.

It is our purpose now to more extensively advertise Dr. Lindley's Fit Cure, and to throw the result of this new effort to druggists wherever possible. Wherever local druggists carry Dr. Lindley's Fit Cure we shall direct patients to go to them for the remedy, and thus hope to gain increased support of the local trade.

For more than twenty years *DR. LINDLEY'S FIT CURE* has been before the people. In this time it has cured thousands, and benefited as many more who were incurable so far as a complete eradication of the disease is concerned. In not a single case, so far as we have learned, has it failed to be a blessing to the afflicted in the twenty years it has been "on trial." And it has fulfilled all promises. Its friends are the ones who have taken it, and *PROVED ITS CURATIVE POWERS.*

What more can we do or say? Hundreds daily ask the same anxious question—"Can you cure me?" We can only point to the record of *DR. LINDLEY'S FIT CURE* refer to the testimonials of others who at first asked the same question, and after taking it were either benefited or *PERMANENTLY CURED.*

This is all that we can do. No human agency can positively guarantee a complete cure. We guarantee at least relief, and say that only in rare cases does *DR. LINDLEY'S FIT CURE* fail to work a complete restoration if the remedy is used according to directions.

Our aim is to cure the falling sickness entirely; if we fail in this we shall be as disappointed, if possible, as you are yourself. The most that we can do is to offer you the curative agent; all that you can do is to take it. "So long as there is life there is hope." The rest is beyond us and beyond you.

## Its Origin, Aim and Results

By P. A. AIKMAN, M. D.

Windsor, Ontario.

Early in the Spring of 1892 I was appointed medical director of the Monroe Sanitarium, at Windsor, Ont. This Sanitarium especially treated patients suffering from the excessive use of drugs and alcohol. I had there an opportunity of studying the effect of morphine, cocaine and other remedies usually prescribed by physicians for the relief of pain. I was obliged to see how these drugs, while giving only temporary relief, destroyed the nerves, stomach, liver, kidneys, heart, etc., and rendered man only a tortured being unfit for any social position and a misery to himself.

It seemed to me that some formula could be devised which would ease pain without baneful effects and which at the same time would benefit the system.

With this object in view, I found that a homeopathically proportioned combination of Podophyllin, Nux Vomica and Blue Flag, three of the best system regu-

lators known to the profession, when thoroughly triturated with the former formula, counteracted all objectionable effects and produced a positive corrective agency of unlimited scope.

My experience for the past eight years proves that the "Orangeine" combination not only relieves pain better than any baneful opiate, but at the same time has far reaching power to cure nearly every common ailment. I now always carry it with me and every day it come to my aid in my varied practice.

Personally I have taken from one to five powders daily for the last eight years and find myself in much better physical condition than before. My case is particularly significant as, for a number of years I was troubled with a weak heart which has been wonderfully strengthened by "Orangeine." I now prescribe "Orangeine" more frequently than any remedy in my medicine case, and my whole experience shows that "Orangeine" regulates the digestive organs, purifies the blood, builds up the nervous system, strengthens the heart action, thereby not only curing but preventing disease.

### Can Catarrh be Cured?

**W**E state emphatically that it can. There is no doubt about it. In fact we guarantee a cure where instructions are followed. **WE HAVE NEVER HEARD OF A SINGLE CASE WHERE KELLER'S CATARRH REMEDY AND BLOOD PURIFIER HAS NOT EFFECTED A CURE.** The results it has accomplished are remarkable. If you are under that impression, you are deluded. If your blood is out of order or impure, or if you are suffering with eruptions or any scrofulous affections, **CLEANSE YOUR SYSTEM**, for you are liable to Catarrh and every other disease. Keller's Catarrh Remedy and Blood Purifier is perfectly harmless and the best Blood Purifier in the market. # RUTHERFORD'S

## COMPOUND

# Syrup of Hypophosphites

## USES.

THE Syrup of Hypophosphites Compound is rich in *Phosphorus*, the all-important brain and nerve pabulum; associated with Lime and Potassium, important to the integrity of the bones, muscles, etc.; with Iron and Manganese, essential in maintaining a healthy condition of the blood; and with Strychnine and Quinine, two of the best tonics known, the former constituting the great nerve tonic—the universal favorite of eminent practitioners, and pronounced by them as having no equal in toning up the whole nervous system.

This remarkable chemical compound, furnishing materials required in the rebuilding and the repairing of the organism constantly going on, must appear to the reflecting mind as a combined chemical food of rare value in these days of rush and revel, of destructive wear and tear of body, and strain of mind.

It agrees with the most sensitive stomach, and does not leave an after-taste in the mouth, save an agreeable mild bitterness.

Where there is a deficiency of vitality, as in general debility, occasioned by impaired digestion or by long-continued hardships, excessive mental activity, insufficient sleep, worryment, undue anxiety or venereal excesses, the syrup will be found to be highly efficient in stimulating digestion and awakening a desire for food, inducing natural sleep, in giving tone to the whole nervous and muscular system; in short, in replenishing wasted energy.

The remedy is invaluable in all cases of debility, no matter how produced.

It is applicable to the various nervous ailments of Dizziness, Swimming of the Head, Temporary Dimness of Vision, Cramps and Numbness in the Limbs, Sleeplessness, Confusion of Thoughts, Defective Memory, Inordinate Yawning, Meningitis, Epilepsy, Paralysis, Asthma, etc.

Is successfully employed in Bronchitis, Hoarseness, Dyspepsia, Difficulties at Change of Life, Chlorosis, Anæmia, Impotency, and other troubles attending reduced vitality.
