

DR. HUGHES' GERMAN OIL!

WILL CURE

Rheumatism, Neuralgia, Headache, Deafness, Toothache, Pains in the Back and Side, Piles, Bruises, Burns, Frosted Hands and Feet, Tetters, Salt rheum, and all Painful Diseases of the Nervous or Muscular System.

GOOD FOR MAN OR BEAST.

DIRECTIONS FOR USING.

FOR RHEUMATISM.—Bathe the part or parts affected for at least fifteen minutes. This is very essential, for the German Oil will not go down to the part where it should in less time. It has its power and popularity in its penetrating qualities.

FOR HEADACHE.—Apply to the forehead and temples for four or five minutes; if it should be a bilious or sick headache, take half a teaspoonful of the German Oil; this settles the stomach; after this you can easily stop the pain by bathing the forehead and temples.

FOR TOOTHACHE.—Apply by wetting the finger and rubbing the tooth and gums, and immediately bathing the outside of the face; it will cure if the tooth is not ulcerated.

FOR AGUE IN THE FACE.—Apply as for the toothache; repeat if necessary.

FOR NEURALGIA.—Apply it lightly for fifteen minutes. For Sprains, apply fifteen or twenty minutes, as you may see fit. For Bruises, bathe five minutes or longer. For Burns, wet a cloth with the Oil and lay it on over the burn or scald. For Lameness in the Back, let some one make the application if convenient. For Cuts use as any other liniment.

FOR EARACHE.—Put a few drops on cotton or wool, and place it in the opening of the ear gently.

FOR SORE THROAT.—Take half a teaspoonful on going to bed, after which bathe the throat for fifteen minutes lightly.

FOR COUGH.—Take before going to bed, in half a tumbler of milk, one teaspoonful of the Oil; use in this way every night until relieved.

FOR COLDS.—Take a teaspoonful of the Oil in a tablespoonful of diluted brandy.

CHRONIC STIFF JOINTS.—Apply same as above. Persevere, as it takes longer to effect a change in the absorbents.

ERYSIPELAS and SCROFULAS ERUPTIONS, and all kinds of SORES or FELONS, merely bathe gently three times a day.

BRONCHITIS and SWELLING OF GLANDS.—Bathe three times daily, and take half a teaspoonful on going to bed.

EARACHE and PARTIAL DEAFNESS.—Drop the Oil into the ear twice a day, and inject with a small syringe the following solution; warm water one-half tea-cup full; castile soap half ounce; German Oil, half teaspoonful, and bathe about the ear.

SPRAINS AND LAMENESS.—Rub hard three times a day until cured.

CANKERS IN THE MOUTH.—Apply it freely.

SORE AND BROKEN BREAST.—Bathe with the Oil twice a day.

TEETHING INFANTS.—Rub the gums.

CORNS.—Pare the corn well and rub night and morning.

WOMB COMPLAINT.—Inject with a little warm water, and take a teaspoonful on going to bed.

PALPITATION.—Take half a teaspoonful, and bathe over the heart when there is pain.

FROSTED FEET.—Bathe the parts affected well on going to bed.

BITES OF INSECTS and POISONS OF ANY KIND.—Take a half teaspoonful of the Oil twice a day and bathe freely.

This Oil does not interfere with any other medicine or food; but drink no Coffee; eat plain food regularly, and drink but little fluid of any kind.

CERTIFICATES.

PHILADELPHIA, Pa., June 27th, 1860.

This is to Certify,

That I have made a careful analysis of Dr. HUGHES' Preparation, known as the GERMAN OIL, and I find its component parts are purely Vegetable, and I have no hesitancy in pronouncing it to be the most scientific preparation it has ever been my lot to examine as a Liniment, and I believe it to be the best remedy for what it is recommended that has ever come under my notice.

DR. A. J. SCHARFFER,
College of Pharmacy, Phila., Pa.

BALTIMORE, June, 1867.

DR. HUGHES,

Dear Sir:—My wife has been afflicted with the Rheumatism for the past seven years. I have tried remedy after remedy, at a cost of hundreds upon hundreds of dollars. Some of the nostrums I tried gave partial relief, but it would always come back again in a more aggravated form. I was then living in Sumpter County, S. C., and after trying the best medical talent of Charleston without avail, I made up my mind to bring her on to this city, where the world-renowned Medical Faculty of Maryland, and a host of other medical talent resided. I tried them all, and the result was as before—only a partial relief. I then heard of Dr. HUGHES' GERMAN OIL, and not wishing to leave one stone unturned to effect a cure, I determined to procure a bottle. I used it according to the directions, and before the fourth bottle was exhausted, she could move about the house as well as ever. Respectfully, Yours,

FRANCIS MARION JOHNSON.

JAS. M. SMITH, J. P.

HAGERSTOWN, July 18, 1867.

This is to Certify, That I have used Dr. Hughes' preparation, known as the German Oil, for a painful and swollen wrist, and was relieved in a very short time after the first application. Yours, Respt'y.,

WM. M. TICE.

PHILADELPHIA, Pa., Dec. 22, 1864.

DR. HUGHES,

Dear Sir:—I deem this but an act of justice to you, and to suffering humanity in general, in stating that having been afflicted with Rheumatism for the past three years, as hundreds of citizens can testify, and after trying every thing that was recommended, I at last began to despair of ever getting any better, I was induced by a friend of mine to try your invaluable remedy, the GER-

MAN OIL, and after using six bottles I was cured perfectly, and thank God I have never enjoyed better health in my life. You may use this as you like, and any one wishing any further proof, if they will call on me at my residence, I will cheerfully give them all the information I possess. Respectfully, Yours,

GEORGE SWEED,
Fourth Street, below Callowhill.

A Case of Partial Deafness Cured by the Use of Dr. Hughes' German Oil.

BALTIMORE, Md., Sept. 19th, 1862.

DR. HUGHES,

Sir—Feeling thankful to you for the great benefit I derived from the use of your GERMAN OIL, I deem it my duty to let you, and others through you, know my situation. I was taken with a severe pain in my ears, and a continual noise as of a strong wind blowing in a hollow shell, which continued some five months. I finally became so deaf that I was discharged from my regiment and sent home, and getting one of your printed circulars, I thought I would try your preparation, and after using it three times, I obtained a piece of wax out of my ear as large as a good sized pea and as hard as a stone, and immediately my hearing was restored, and I can hear as well now as I ever could in my life.

Yours, Respectfully,

SAML. S. SUTHERLAND,
Wharton St., between 6th and 7th, Phila., Pa.

FREDERICK, MD., July 15th, 1867.

DR. HUGHES,

Sir—I have suffered from Neuralgia in my head for five days and was persuaded to try a bottle of your GERMAN OIL, which cured me entirely. I can cheerfully recommend it to all persons suffering with the same disease.

Your Respectfully,

JOHN S. PEGLEY,
South St., Frederick, Md.

GROFF HOUSE, }
FREDERICK, MD., July 14th, 1867. }

DR. HUGHES,

Sir—This is to certify, that I have purchased a bottle of your GERMAN OIL. I tried it in a case of Headache of two days standing on my son, and found it to give immediate relief, and he has no headache since. I can cheerfully recommend it to all persons suffering with the headache, &c. Yours, Respt.,

DANIEL COLE.
