

CONSUMPTION CURABLE

BY

A NEW TREATMENT AND THEORY.

The vile destroyer of the parent's hope — this fell monster, the devourer of mankind! There are thousands daily suffering from the early stages of this destroying malady, who could be thoroughly cured while in its infancy by applying the proper remedies, who, if aware of the fatal results, would take immediate steps to check it in the bud.

Oh, how many thousands, who are but slightly troubled with this irritation of the throat and air passages this day, will be mouldering in silent dust before the expiration of twelve months, through gross carelessness on their part!

OUR MOTTO.

We use such Balms as have no strife,
With nature or the Laws of Life;
With blood hands we never stain,
Nor poison men to ease their pain.

Our Father, whom all goodness fills,
Provides the means to cure all ills;
The simple herbs beneath our feet,
Well used, relieve our pains complete.

A simple Herb, a simple Flower,
Culled from the dewy Lea—
These shall speak in touching power,
Of change and health to thee.
