**T**HOUGH the excellency of our laws, and the benevolence of the national character seem to have made a provision for almost every species of distress to which the poor are liable, yet situations will sometimes arise, which the most active and watchful charity could not at first foresee.

*The children of soldiers, sailors, and other indigent persons, bereft of their parents, at a distance from relations, and too young to afford the necessary information respecting settlements, are often left destitute of protection and support, at an age when they are incapable of earning subsistence, and contending with the dangers which surround them.*

Females of this description are, in a peculiar manner, objects of compassion; and have also a double claim to the care of the humane and virtuous, from being not only exposed to the miseries of want and idleness, but, as they grow up, to solicitations of the vicious, and to all the dreadful consequences of early seduction.

This CHARITY owes its establishment to that vigilant and active Magistrate, the late SIR JOHN FIELDING; who had long observed, that *though the laws of this kingdom had provided a parish settlement for every person, by birth, parentage, apprenticeship, &c. yet many cases continually occurred, in which such settlements were difficult to be ascertained;* and therefore he, and others, were solicitous to remove, in part, this source of female wretchedness.

By their exertions, and the continued endeavours of those who have hitherto conducted the plan, their benevolent intentions have been rewarded by the most signal success. The generous and discerning Public has bestowed the Means, which have prospered in the hands of the Guardians, by whose care TWO HUNDRED DESERTED FEMALES are daily sheltered and protected from vice and want, supplied with food and raiment proper for them, and taught whatever can render them useful in their station, or comfortable and happy in themselves.

Carefully instructed in the principles of religion, in reading, writing, needle-work, and household business, and trained to habits of industry and regularity, *a supply of diligent and sober domestics* is formed for that Public, which, by its contributions, has so nobly acquired a right to their services.

The following are some of the Regulations for the government of this CHARITY, which have been made by the Guardians at their Meetings from time to time, and now continue in force.

#### QUALIFICATION OF GUARDIANS.

The Qualification of an Annual Guardian, is a yearly subscription of Three Guineas, or upwards.

The Qualification of a Perpetual Guardian, is a subscription of Thirty Guineas, or upwards.

Legacies bequeathed to the use of this Charity, of One Hundred Pounds and upwards, when paid, shall entitle the first named Acting Executor to be a Perpetual Guardian.

Ladies and Gentlemen who have subscribed less than Thirty Guineas, by increasing their last subscription to that sum, within the Year, will be admitted as Perpetual Guardians.

Ladies, who are Guardians, are entitled to vote at all elections of Officers of the house, by proxy, such proxy being a Guardian; or by letter, signifying the person whom they approve.

The Guardians, conceiving it to be very essential for promoting one of the chief objects of this Institution, beg leave to *solicit the Ladies, who are peculiarly qualified for that purpose, frequently to visit the Charity, inspect the management of the house,*

*and particularly the employment of the children ; also to see that they are properly instructed in housewifery, so as to be qualified for useful domestic servants ; and, from time to time, communicate to the Committee, by letter, or otherwise, such observations as they shall deem proper to make thereon.*

#### GENERAL MEETINGS.

There are four General Meetings in the year, for the purpose of auditing the accounts, and determining upon all material business that may come before them, not immediately within the province of a Committee ; such Meetings to be held on the first Thursday in January, April, July, and October, at twelve o'clock precisely, of which notice is to be given by public advertisement, and to the Committee by letter.

#### COMMITTEES.

A President, six Vice Presidents, a Treasurer, and twenty of the Guardians, form a Committee ; to meet every Thursday, at eleven o'clock in the forenoon, to carry into execution such rules and orders as shall be made at the General Quarterly Meetings ; to examine into the circumstances and descriptions of such children as shall, from time to time, be presented for admission ; and the qualifi-

cation of such as are to be apprenticed ; and generally to conduct all such matters as belong more immediately to their province.

The Committee and Treasurer are to be elected annually, at the General Court, in April ; and, if any difference of opinion should arise, the election is to be determined by ballot.

The President, Vice Presidents, and Treasurer, are of every Committee ; and notwithstanding particular gentlemen are annually named for the immediate conduct of the CHARITY, yet every Guardian who pleases, may attend and vote at Committees, except Annual Guardians, who have not been such one year, and paid their second subscription.

Two of the Guardians are appointed VISITORS and COLLECTORS AT THE CHAPEL monthly, to inspect the regulation and general œconomy of the house, and to make such reports to the succeeding Committee as they, or either of them, shall think necessary.

#### DESCRIPTION OF CHILDREN AND RULES FOR ADMISSION.

No child can be admitted, who is under the age of nine, or above the age of twelve years.

No child can be admitted till approved of by the Committee.

No negro or mulatto girl can be admitted.

The death of the parents of the children applying for admission, is necessary to be proved, either by parish registers, or by the oath of some creditable witness, if required.

A copy of the register of the death of such parents, and the baptism of the children, is to be produced to the Committee, if possible.

As the children are to be *constantly* employed in the several offices of good housewifery, in order to qualify them for domestic servants, no diseased, deformed, or infirm child can be received; and every child is to be examined by the physicians, surgeons, and matron: and one of the physicians or surgeons to sign the certificate, that she is a proper object to be admitted.

The certificates of Orphans applying for admission, when approved of by the Committee, are to be preserved by the Secretary, and the children are to be admitted in rotation as soon as they shall obtain presentations, and vacancies arise.

The Guardians are to present according to the seniority of their subscriptions; but no Annual Guardian is to have a right to present till after the payment of a second subscription of Three Guineas, or upwards; and unless the subscription be regularly kept up, or the arrears paid, the Guardian loses the right of presentation.

The Guardians in turn to present, are to have notice thereof by letter from the Secretary.

The children, whose qualifications have been approved by the Committee, are to have certificates of such approbation granted them by the Secretary.

If any child is deemed unqualified, the Guardian who presented her is immediately to be made acquainted therewith.

*If it shall appear, after any child has been received into the House, that either parent is alive, or that her settlement is ascertained; such child, so fraudulently admitted, shall be immediately sent to the said parent or settlement.*

#### EMPLOYMENT OF THE CHILDREN.

The children are to make and mend their own linen, make shirts, shifts, and table linen; to do all kinds of plain needle-work; and to perform the business of the house and kitchen; to which latter, eight are appointed weekly, according to their age and abilities, to assist the cook; to wash, iron, and get up all the linen. They are likewise taught to read the Bible, write a legible hand, and cast up a sum in addition.

Shirts, shifts, table-linen, and all kinds of plain needle-work are taken in at the Asylum, and performed by the children at the following rates;

	<i>s.</i>	<i>d.</i>	<i>s.</i>	<i>d.</i>
A full trimmed shirt or shift, from	2	0	to	3 0
A plain ditto .....	1	3	—	2 3
Table cloths .....	0	4	—	0 9
Fine napkins, per dozen.....	1	6	—	0 0
Common ditto, ditto.....	1	0	—	0 0
Common pocket handkerchiefs dit.	1	0	—	2 0
Cambric ditto, ditto .....	3	0	—	0 0

And coarser work proportionably cheap.				

#### RULES FOR PLACING OUT THE CHILDREN.

The children are to be bound apprentices for seven years, at the age of fifteen, or sooner, as domestic servants, in reputable families in Great Britain.

No girl shall be apprenticed until the character of the master or mistress, applying for the same, shall have been enquired into, and approved of by the Committee.

Every person applying for an apprentice, must appear at the Committee, to give the necessary information respecting their situation, unless such appearance be dispensed with by the Committee.

When any girl shall become qualified to be an apprentice, the Guardian who presented her shall be acquainted therewith, in order to know whether such Guardian has any place in view for her.

The Guardians, desirous of encouraging the children to serve their apprenticeship faithfully, have empowered the Committee to grant to any Orphan apprenticed from the Charity, who shall produce to the Committee a certificate, signed by her master or mistress, or both (if living) of her good behaviour during her apprenticeship, the sum of Five Guineas; such Orphan having first returned publick thanks in the Chapel for the protection of this Charity.

The Committee are empowered to put out, at any time, to any trade they shall think proper, such Orphans as may have contracted any disease or infirmity which may render them incapable of domestic service, with a premium not exceeding Ten Pounds.

TREASURER.

A Treasurer is appointed at the General Meeting in April, who is to continue for one year.

PREACHERS.

Two preachers are appointed to preach every Sunday throughout the year; and on the customary Feasts and Festivals of the Church of England.

CHAPLAIN.

A Chaplain is appointed to read Prayers, twice every Sunday throughout the year, viz. at a

quarter past eleven o'clock in the forenoon, and at a quarter past six in the afternoon ; and on the first Sunday evening in every month to catechise the children, to read prayers to the whole family every day ; to superintend the conduct of the other Officers and Servants ; and to promote, by every means in his power, the benefit of the Charity.

#### SECRETARY.

A Secretary is appointed, who is to attend all meetings of the Guardians to take down the minutes, and produce them fairly entered into the minute-book at the ensuing meeting ; to take under his care all books, papers, and accounts ; to summon Committees by letter ; to receive any contributions or subscriptions for the Treasurer, and enter them into the minute-book at the next meeting ; to report all material observations made by the subscribers ; and to make the necessary inquiries into the circumstances of such objects as shall be presented for admission into this Charity.

N. B. The Rev. Mr. AGUTTER having been appointed Chaplain and Secretary, apartments are allotted in the house for himself and family, in order, that the children may have the more immediate benefit of his instructions and example, and that he may see the regulations of the Guardians

duly attended to ; that such Ladies and Gentlemen as shall at any time visit this CHARITY, may be induced, by a proper reception, to become contributors thereto.

#### COLLECTOR.

A Collector is appointed to receive subscriptions and contributions, and pay the same into the hands of the Treasurer or Secretary, for the time being, and to make the necessary inquiries into the circumstances of such objects as shall be presented for admission into this CHARITY.

#### WRITING-MASTER.

A Writing-Master is appointed to attend twice a week, to teach forty girls to write, and cast up a sum in addition.

#### FORM OF BEQUESTS.

*Item.* I give and bequeath unto A.B. and D.E. the sum of \_\_\_\_\_ upon trust, and to the intent that they, or one of them, do pay the same out of my personal estate, to the Treasurer, or Treasurers for the time being, of a Society, who now call themselves the Guardians of the ASYLUM, or HOUSE OF REFUGE, situate in the Parish of LAMBETH, in the County of SURRY, for the reception of Orphan Girls, whose

The first part of the paper is devoted to a general  
 consideration of the subject, and to a discussion of the  
 various theories which have been advanced to explain  
 the phenomena observed. It is shown that the  
 results of the experiments are in general in  
 accordance with the theory of the  
 author, and that the  
 experiments of other authors are  
 in general in accordance with  
 the theory of the author.

Abstract... Asylum... for... Orphan Girls

1799

National Library of Medicine

Bethesda, Maryland

CONDITION PRIOR TO TREATMENT

The paper covers were loose or missing on all volumes. Three volumes had marble paper covers. The Abstract had a blue paper cover. The sewing was partially intact on two of the five volumes. The laid paper text was stiff, and heavily soiled. There were graphite notations in the text.

TREATMENT

The edges of the text blocks and heavily soiled leaves were surface cleaned with grated and solid vinyl erasers. The text blocks were disbound. The text was washed in a bath of deionized water and deacidified in an aqueous solution of magnesium bicarbonate. The pH of the paper after treatment was 7.1 - 7.5. The leaves were repaired with Japanese paper and wheat starch paste. The repaired leaves were humidified and flattened. The book was re sewn by hand with unbleached Irish linen thread with the addition of new end leaves of handmade paper. The original marble covers for volumes 1782, 1786, 1793, were relined with Japanese paper and wheat starch paste toned with watercolor. The books were recovered in non-adhesive paper covers that were reinforced with acid-free buffered board. A loose leaf found in the 1782 volume was ~~encapsulated in polyester film and returned with the volume.~~
