

tary of Agriculture, filed in the District Court of the United States for said district libels for the seizure and condemnation of certain quantities of a certain article, labeled in part "Char-Med-Sal," at Stonefort, Cypress, and Sparta, Ill., consigned on or about May 18, 1918, and June 4, 1918, by the Blackman Stock Remedy Co., Chattanooga, Tenn., alleging that the article was transported from the State of Tennessee into the State of Illinois, and charging misbranding in violation of the Food and Drugs Act, as amended.

Analyses of samples of the article by the Bureau of Chemistry of this department showed that it consisted of a mixture composed essentially of sodium chlorid, charcoal, iron oxid, sulphur, sulphates of iron and magnesium, and a small amount of strychnine.

Misbranding of the article was alleged in the libels in that certain statements appearing on the label on the package containing the article, regarding its curative or therapeutic effects, falsely and fraudulently represented it to be effective as a remedy for the prevention of hog cholera, whereas, in truth and in fact, it was not effective.

The above case having been consolidated, on July 11, 1919, the Blackman Stock Remedy Co., claimant, having withdrawn its answer and claim, a default decree of condemnation and forfeiture was entered, and it was ordered by the court that the product be released to the claimant upon the payment of the costs of the proceedings, and the filing of a bond in the sum of \$2,000, in conformity with section 10 of the act.

On March 22, 1919, the United States attorney for the District of Minnesota, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel for the seizure and condemnation of 300 cartons of raisins at Minneapolis, Minn., alleging that the article had been shipped on or about December 17, 1918, by the Bonner Packing Co., Locans, Calif., and transported from the State of California into the State of Minnesota, and charging adulteration in violation of the Food and Drugs Act. The article was labeled in part, "California Muscatel Raisins Fancy Quality Bonner's Seeded Raisins Special Pack, Bonner Fresno."

Adulteration of the article was alleged in the libel in that a substance, to wit, sand, had been mixed and packed with the article so as to reduce and lower and injuriously affect its quality.

On July 21, 1919, the Bonner Packing Co., claimant, having consented to the entry of a decree, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be released to the claimant upon the payment of the costs of the proceedings and the filing of a bond in the sum of \$700, in conformity with section 10 of the act.
