

**DISPOSITION:** March 25, 1946. No claimant having appeared, judgment of condemnation was entered and the product and leaflets were ordered destroyed.

**11100. Misbranding of W-Whey. U. S. v. 23 Packages, etc.** (F. D. C. No. 19688 Sample Nos. 50681-H, 50682-H, 50684-H.)

**LABEL FILED:** April 26, 1946, Southern District of Iowa.

**ALLEGED SHIPMENT:** On or about February 5, 1946, by Schiff Bio-Food Products, from Detroit, Mich.

**PRODUCT:** 23 12-ounce packages and 8 30-ounce packages of W-Whey at Davenport, Iowa. Examination showed that the product was dried whey, containing per ounce, compounds of calcium equivalent to not more than 171 milligrams of calcium and compounds of phosphorus equivalent to not more than 187 milligrams of phosphorus. Three heaping tablespoonfuls would provide not more than 287 milligrams of calcium, which is not more than 38.3 percent of the minimum daily requirement for an adult.

**LABEL, IN PART:** "Little Miss Muffet Brand W-Whey Schiff's Whole Powdered Milk Whey \* \* \* Three Heaping tablespoonfuls (the recommended daily portion) provide the following percentages of the adult minimum daily requirements: Calcium 50%, Riboflavin 50%, Phosphorus 40%, Iron 18%."

**NATURE OF CHARGE:** Misbranding, Section 403 (a), the label statement "Analysis per ounce \* \* \* Calcium 250 mgr. Phosphorus 210 mgr." and "Three heaping tablespoonfuls (the recommended daily portion) provide the following percentages of the adult minimum requirements: Calcium 50%" were false and misleading.

The article was alleged also to be misbranded under the provisions of the law applicable to drugs, as reported in notices of judgment on drugs and devices, No. 1959.

**DISPOSITION:** July 16, 1946. No claimant having appeared, judgment of condemnation was entered and the product was ordered destroyed.
