ARNICA SALVE.

BUCKLEN'S
ARNICA SALVE.

BUCKLEN'S
ARNICA SALVE.

BUCKLEN'S ARNICA SALVE.

THE BEST SALVE IN THE WORLD.

THIS is a concentrated scientific compound of Arnica, Calendula and Healing Balsams. This preparation contains more of the real strength of the Arnica flowers than any other like preparation in the market. Combined with the above articles makes it the best salve in the world, and will never fail in effectually and speedily curing

Ulcers, Salt Rheum, Tetter, Rheumatism, Lamé Back, Fever Sores, Bruises, Cuts, and Aches, Piles, Chilblains, Sore Eyes, Boils, Felons, Pimples, Chapped and Cracked Hands, Sore Lips or any ailment for which a Salve or Ointment can be used.

INFLAMMATION CANNOT EXIST WHERE THIS SALVE IS USED.

DIRECTIONS.

Whenever or wherever inflammatory action exists, then and there apply the Salve freely.

The following are among the diseases to which BUCKLEN'S ARNICA SALVE is applicable and never fails to cure:

For Burns.—Apply the salve at once. Change the application every three hours, or oftener in case of a severe burn, until the inflammation begins to subside. Afterward apply but twice a day.

For Fresh Wounds.—Bandage up snugly, being careful not to get them too tight, and change once in twenty-four hours; in case of deep wounds, dress twice a day. It will cause the wound to heal up readily and keep down all inflammation.

For Chilblains.—When the skin is not broken rub the salve on and warm it thoroughly by the fire. When the skin is broken, to be bound up as other sores; making fresh application of Salve at least twice every twenty-four hours.

For Chapped Hands.—Apply the salve thoroughly and warm by the fire at night, and sleep in gloves.

For Boils, Felons and Sores.—Apply the Salve twice a day, and, in case of inflammation, three times a day, keeping on a light bandage whenever it is convenient. Purify the blood with *Electric Bitters*, and a cure is certain.

For Piles.—For all severe cases, form a compress of several thicknesses of cloth, the size of half the palm of the hand, and spread thick coat of the Salve upon the same, and place it upon the disease, and secure it there day and night until a cure is effected. Change once in twenty-four hours. For all ordinary cases of Itching or Bleeding Piles, apply the Salve freely to the affected parts at least three times a day. Be sure to keep the bowels loose by taking *Electric Bitters*, and a cure will be guaranteed every time.

For Ulcers and Fever Sores.—Apply the Salve by spreading it thickly on a piece of cloth or kid skin about twice the size of the sore, binding it on lightly, changing the same twice every twenty-four hours until the sore is healed, then merely anoint the surface and keep lightly bandaged until a cure is complete. Take *Electric Bitters* at same time, and a permanent cure will be more speedily effected.

For Salt Rheum.—Apply the Salve to affected parts twice a day, bandage lightly, and keep from the cold. After the parts become healed, one application a day until cured.

For Rheumatism.—Apply the Salve thoroughly to parts where pain exists, rub and warm in by the fire, bandage lightly, and keep from cold. To be applied twice a day until cured.

N. B.—In no instance will the application of the Arnica Salve interfere with remedies administered internally, but will aid all such as are proper to be administered.
