In the year of our Lord one thousand eight hundred and one.

*An Act to incorporate Samuel Parker and others into a Society by the name of the Boston Dispensary.*

Whereas certain persons did in the year 1796 associate and establish a charitable Institution in the town of Boston, for the purpose of affording medical advice and relief to the sick poor of said town, under the name of the Boston Dispensary: And whereas said Institution has been of general and essential service to such persons as are not of ability to procure medical advice and aid for themselves; and the Managers of said Dispensary have represented to this Court the difficulties under which they labour for want of an Incorporation, and have petitioned for an Act remedial of those difficulties: And inasmuch as the intentions of said persons appear to be deserving of encouragement—

SECT. 1. Be it therefore enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, that the Rev. Samuel Parker, Samuel Stillman, and Samuel West, Doctors

in Divinity, William Tudor, John Andrews, Thomas Davis, Stephen Gorham, and Samuel Dunn, Esquires, Jonathan Amory, Jun. Thomas Brewer, and Benjamin Buffey, Merchants, and Nathaniel Smith, Physician, all of said Boston, the Managers of said charitable Institution, together with their Associates be, and they hereby are incorporated and made a Body Politic for the purposes aforesaid, by the name of the Boston Dispensary; and that they, their associates, and successors, have perpetual succession by the said name, and have power to make bye laws for the preservation and advancement of said Institution not repugnant to the laws of this Commonwealth.

SECT. 2. Be it further enacted, that the said Boston Dispensary be, and it is hereby authorized and empowered to make, appoint and have a common seal, and is hereby made liable to be sued, and enabled to sue and defend in its corporate capacity in any of the Courts of Record of this Commonwealth; and is hereby licensed and empowered to make purchases and to receive grants and donations of real and personal estates, and to hold the same for the charitable purposes aforesaid; provided the rents and profits of the real estate, together with the interest of the personal estate, shall not exceed the sum of five thousand dollars, and to manage and dispose of such estates, as to the said Corporation shall appear fit.

SECT. 3. Be it further enacted by the authority aforesaid, that the contributors to said Institution shall meet at Boston on the second Thursday in October, annually, for the purpose of electing by ballot twelve Managers and a Treasurer, public notice of the time and place of holding such meeting being given once at least in two of the newspapers published in said town seven days before the day of meeting, and votes may at all elections be given either in person or by proxy.

SECT. 4. Be it further enacted, that the business of said Managers shall be to appoint the Physicians, Surgeons, and Apothecary of said Dispensary, to provide medicines for the patients recommended by the contributors, and to regulate all affairs relative to the Institution, any three of whom shall constitute a quorum. And all instruments, which the said Managers shall lawfully make and execute, shall, when signed by their Chairman, Treasurer or Secretary, and sealed with their common seal, bind the said Corporation and be valid in law.

SECT. 5. And be it further enacted, that the Rev. Samuel Parker be, and hereby is authorized, by public notice in two of the Boston newspapers, to call the first meeting of said contributors at such time and place as he shall judge proper; at which meeting the said Corporation shall have all the power vested in them at their stated annual meetings

in October, but the officers then chosen shall not continue in office longer than the next meeting in October, unless elected anew.

IT having been found by experience, both in Europe, and in several of the capital towns in America, that Dispensaries for the Medical Relief of the Poor are the most useful among benevolent Institutions, a number of Gentlemen propose to establish a public Dispensary in the town of Boston, for the relief of the sick poor, which they presume will embrace the following advantages :

*First.* The sick, without being pained by a separation from their families, may be attended and relieved in their own houses.

*Secondly.* The sick can, in this way, be assisted at a less expense to the public than in an hospital.

*Thirdly.* Those who have seen better days may be comforted without being humiliated : And all the poor receive the benefits of a charity the more refined, as it is the more secret.

For the promotion of the design, the following Regulations are established by the subscribers to this Charity, as——

Rules of the Boston Dispensary.

I. Each lady or gentleman, who pays annually into the hands of the treasurer *five dollars*, shall be entitled to the privilege of having two patients at one time under the care of the Dispensary. Those who annually pay *ten dollars* shall have four, and so on, in the same proportion: And those, who subscribe *fifty dollars*, shall be entitled, during life, to the privilege of having four patients attended at one time by the physicians of the Dispensary.

II. A Board, consisting of twelve Managers and a treasurer, shall be annually elected on the second Thursday of October, by a majority of the contributors present at such meeting, and votes may at all elections be given either in person or by proxy. Three managers shall constitute a quorum. Their business shall be to provide medicines for the sick, and to regulate all affairs relative to the Institution.

III. Three attending and two consulting physicians and surgeons, and three apothecaries of the Dispensary, shall be annually elected by the Managers of the Institution.

IV. Every case shall be duly attended if recommended by a contributor in a written note, addressed to the attending physician, agreeably to the first rule. The attending physicians and surgeons shall have a right to

apply for advice and assistance to the consulting physicians and surgeons, when they think proper, in all difficult and extraordinary cases.

V. As soon as the funds will admit of purchasing or tenancing a suitable building for the purpose, the apothecary shall reside at the Dispensary. His business shall be to compound and deliver medicines, to keep an exact account of the names, places of abode, diseases, times of admission, discharge, &c. of the patients; for which he shall receive such a compensation as the Managers shall judge adequate to his services.

*Form of a Receipt given to each contributor by the Treasurer.*

BOSTON DISPENSARY.

A. B. is entitled to all the privileges of a contributor to the Boston Dispensary, having paid subscription for year  
Treasurer.

*Form of a recommendation of a Patient, to the care of the Dispensary, and rules to be observed by the Patients.*

TO THE PHYSICIAN OF THE BOSTON DISPENSARY.

I recommend to the care of the Dispensary, believing to be a proper object of this charity.

*Rules to be observed by the Patients.*

1. THE physicians are at the Dispensary every day, *Sundays* excepted, between the hours of *twelve* and *two* o'clock, at which time all the patients, who are able to go abroad, are to attend.
2. Those patients, who are not well enough to come to the Dispensary, shall be visited at their own houses.
3. No persons will be deemed objects of this charity, but such as are really necessitous.
4. All such patients who, in the judgment of the physician, are well enough to go abroad, and neglect to attend at the Dispensary, for ten days, shall be discharged, as disorderly, from the care and benefit of the Institution.
5. All the vials must be returned to the apothecary; any patients, who neglect to return them, shall be deprived of the benefits of the Dispensary.
6. Every patient must deliver in their letter of recommendation at the Dispensary, and, when cured, take a regular discharge to the contributor who recommended them, or they must not expect to be again received.

*Form of a Discharge.*

is hereby discharged from  
the care of the Dispensary.

{ *Physician to the*  
{ *Dispensary.*

THE following rules for the direction of the physician and apothecary, of the Boston Dispensary, have been adopted by the Managers.

*Rules to be observed by the Physician of the  
BOSTON DISPENSARY.*

*First.* THE physician shall attend all such patients regularly recommended, as are under confinement, and choose the physician of the Dispensary, at least once a day, and shall also call at the Dispensary every day (Sundays excepted) between the hours of 12 and 2, P. M. if necessary, to see if any persons are there waiting for medical advice, and to be informed what new patients are recommended to the care of the Dispensary.

*Second.* He shall keep a record of the names of the patients under the care of the Dispensary of whom he is the physician, of the disorders under which they labour, their age and occupation, and with respect to those whose disorders shall prove fatal, of the time of their death and the number of his visits to each, which record shall be laid before the Managers semi-annually, or oftener if demanded.

*Third.* It shall be the duty of the physician to suggest and lay before the Managers for their consideration any new regulations or improvements that may occur to him, which will have a probable tendency to pro-

mote the usefulness of this Institution, and make it more extensively beneficial.

*Rules to be observed by the Apothecaries of the*  
BOSTON DISPENSARY.

*First.* The apothecaries shall deliver no medicines to any person on the account of the Dispensary, who is not recommended by a contributor, agreeably to the adopted printed form.

*Second.* When any person brings or sends a recommendation as aforesaid, the apothecary shall separate said recommendation from the rules to be observed by the patient; the former he shall keep on file, and the latter shall be delivered or sent to the patient.

*Third.* Each apothecary shall keep a fair record, in a book to be provided for that purpose in separate columns, of the names of each patient, the contributor by whom said patient is recommended, the date of the recommendation, the physician attending him or her, the time when discharged, and the amount of medicines delivered for his or her use, which book shall be laid before the Managers at each of their meetings.

*Fourth.* No patient shall be furnished with any medicines from the Dispensary, unless from the advice or prescription of the physician of the Dispensary, or some one of the regular physicians belonging to the town of Boston.

*Fifth.* No medicines shall be delivered to any patient recommended by a contributor, if the said contributor has, previous to said recommendation, his or her assigned number of patients under the care of the Dispensary, agreeably to the constitution; and for the apothecary's information herein, he shall be furnished by the treasurer with an attested list of the subscribers, and of the sums respectively paid by them.

*Sixth.* Each apothecary shall semi-annually report to the Managers the state of his accounts against the Dispensary, and oftener if thereto required.

*At a meeting of the Managers of the Boston Dispensary, December 11, 1807,*

*Voted,* That the foregoing rules be adopted for the government of the physicians and apothecaries of said Dispensary, and that they be furnished with fair copies of the same.
