Memorial of the Committee to act during the Recess of the Assembly, to Congress.

WHEREAS during the Recess of the General Assembly, such of the Members thereof as could conveniently be immediately convened did assemble, and thinking it to be expedient that *John Collins*, Esq; should present unto the Most Honorable the Continental Congress the following Memorial:

To the Most Honorable the Delegates of the United Colonies, in Congress, assembled at Philadelphia.

“ In the Absence of the Governor, and Deputy-Governor, Commodore *Esek Hopkins* hath applied to us for the Re-delivery of Twenty Pieces of Cannon, which he hath landed in this Colony: We have thought it absolutely necessary to detain them, until your Honors should be made acquainted with the Circumstances of the Colony, not doubting but that upon mature Consideration it would be thought best for the common Interest to permit them to remain here. We beg the most favourable Construction of this Measure, and assure your Honors, that no Persons living are more sensible of the Necessity of establishing the Authority of Congress, nor more ready to pay Obedience to it.

“ Your Honors have doubtless frequently with Pain, reflected upon the unhappy State of the Town of *Newport*, which was entirely defenceless, surrounded by a powerful

powerful naval Armament, and daily threatened with and in Danger of immediate Destruction ; for it was incontestibly in the Power of the *British* Fleet to destroy it at Pleasure. In this Situation it is not at all strange that near a third Part of the Inhabitants removed, and that a Majority of the Remainder were induced to temporize, and even to assume an Appearance rather unfriendly to the United Colonies. To this Situation alone is the former Conduct of *Newport* to be attributed, and not to Want of Spirit, or Love of their Country. In this State of Affairs the *British* Fleet quitted the Harbour, and Commodore *Hopkins* most providentially arrived with Twenty-six Cannon and some Shot, which he offered to the Town. The Inhabitants, elated with a Prospect of having this Means of Defence, assembled in a full Town-Meeting, and unanimously voted to work upon the necessary Fortifications, and to defend the Town, and immediately entered upon it with Vigour. This decisive Resolution gave every Friend to the United Colonies a new Spring, as many of us looked upon *Newport* as worse than lost to the common Cause. Three considerable Works have been erected : These Cannon have been with great Expedition mounted upon Carriages, and placed upon the Platforms, and the Town of *Newport* is now capable of being defended against all the Frigates in the *British* Navy. Fortifications are also making at *Bristol Ferry*, and on the East Side of *Rhode-Island*, which when compleated will effectually secure a Communication with the Continent, and enable us to defend that most valuable Island.

“ We were happy in the Idea of having put a total Stop to supplying the Enemy, of destroying the very Seeds of Disaffection in the Colony, and of being an united People. We looked upon saving the Town of *Newport*, the commanding the Harbour, in which, from its easiness of Access, Vessels from Sea may find a quick Protection under the Cannon of the Forts, and which will at all Times afford a safe Asylum to the Continental Ships, and to Privateers and their Prizes, as well as to other Vessels, and which, by Means of

June, 1776.

the Works now erected, may pass in and out in Spite of all the *British* Fleet, as Objects of very great Importance to the common Cause. But our pleasing Prospects are greatly interrupted by the Order to deliver Twenty of these Cannon to Messieurs *Hollingsworth* and *Richardson*, to be transported to *Philadelphia*. From the Face of it, which is directed to the Commodore, and in his Absence to Mr. *Tillinghast*, it appeared clearly to us that your Honors thought the Cannon were barely landed here, and had no Idea of their being fitted with Carriages, and planted in Forts erected purposely for their Reception.

“ WE beg Leave to refer you for a general State of the Colony to the Memorial from the Assembly, which is now before your Honors, and is in no Degree exaggerated, by which you will be able to judge of the exposed Situation of the Colony, of its great Exertions for the common, as well as our own Defence, and of the utter Impossibility of our defending ourselves: To which we would add, that there are now in the Colony, exclusive of those brought by the Commodore, but Twenty-four Pieces of heavy Cannon, being Twenty-four and Eighteen Pounders.

“ THE Assembly had contracted with the Owners of Furnace *Hope* for Sixty more, but the Commodore having brought Twenty-six heavy Cannon into the Colony, the Assembly consented that the Cannon for the Continental Ships should be first made, as the Owners of the Furnace could not possibly supply both Departments in Season, so that we have yet had but Four Eighteen Pounders from them; nor can the others be made under a long Time, unless a Stop be put to those making for the Ships.

“ WE are informed by the Commodore that he landed Thirty-six heavy Cannon at *New-London*, which from its Situation can be defended with one Quarter of the Number required for the Defence of the Bay, Town, and Harbour of *Newport*. And when the Difference of the Towns of *Newport* and *New-London*,
in

June, 1776.

81

in Point of Number of Inhabitants and Value, in Point of Importance to the United Colonies, and in the Abilities of the two Colonies, of which they are a Part, to defend them, are considered, we think it will not admit a Doubt from which Place the Twenty Cannon wanted are to be removed.

“ WE beg Leave also to mention to your Honors some of the probable Consequences of depriving us of those Cannon. All the Disaffected, all the Lukewarm, and all the Timid, cry out that this Colony hath been totally neglected by Congress, while every other Colony that is exposed is defended by the Continental Troops, which the most hearty in the common Cause cannot deny; this, with the dangerous Situation of the Town of *Newport*, the Capital of the Colony, containing upwards of 1300 Dwelling-Houses, and between 9 and 10,000 Souls, hath produced a very great Division, and was near overthrowing that Administration which had so greatly exerted the Force of the Colony. The Blow however was averted, and the most seasonable Arrival of those Cannon, with the decisive Resolution of the Town of *Newport*, hath given Union, Spirit and Vigour to the Colony: Take them from us, and we cannot answer for the Event. The Town of *Newport* and the Island of *Rhode-Island* are lost. A small Part of that Army now at *Halifax*, may in their Way to the Westward effect their Destruction, without being detained three Days. It will be impossible for the Inhabitants to defend themselves: They will not even attempt it. There is Danger, that those People who are so desirous of Reconciliation with *Great-Britain* upon any Terms, will gain the Ascendency, and of the Colony's being lost to *America*. Leave us the Cannon, we can save *Newport*, which hath been induced in Consequence of their Arrival to take such Steps as must bring upon them the *British* Arms, and who will be most cruelly treated in being deprived of them. We can keep Possession of *Rhode-Island*, which is of great Consequence to the Inhabitants and Trade of *Taunton* and *Swansey* Rivers; and we shall be a united People, ready with our Lives and Fortunes to support the Measures of Congress.

“ WE

June, 1776.

“ WE submit this Representation to your Honors, which will be delivered to you by *John Collins*, Esq; the First Assistant in this Colony, to whom we beg Leave to refer you for further Information, not in the least doubting that upon full Enquiry and Deliberation your Honors will consent that the Cannon remain here, until we can be otherwise supplied.”

Signed by Order and in Behalf of such Members of the General Assembly, as could conveniently be convened,

An ACT permitting Inoculation for the Small-Pox in this Colony.

Act permit-
 ting Inocula-
 tion.

WHEREAS the Small-Pox hath made the most dreadful Ravages in the Army lately before *Quebec*, which was a principal Cause of raising the Blockade of that City, and there is great Danger that the Inhabitants of the United Colonies may, by the Prevalence of that dreadful Distemper, be rendered incapable of Defence at a Time when their Safety may depend upon their most vigorous Exertions: And whereas that Distemper taken by Inoculation is so easy and light, and the Method of Treatment so beneficial, that any Number of Persons inoculated are more likely to live, than the same Number of Persons not inoculated; and as by introducing the Practice of Inoculation with Prudence and Caution, the greater Part of the male Inhabitants of the Colonies may soon get over that terrible Disease, and the fatal Consequences to be apprehended from our Armies being infected therewith be averted:

BE it therefore Enacted by this General Assembly, and by the Authority thereof it is Enacted, That one Hospital may be established for inoculating for the Small-Pox in each County in this Colony, in such Town as the Majority of the Deputies in the County, in a Meeting duly warned, shall agree upon: That the Hospital in the Town which shall be so agreed upon shall be fixed in some suitable and retired Place in such Town, under the Direction of the Town-Council, or of such Committee as the Town shall appoint: Provided that when such Hospital shall be improved for that Purpose, the Town shall

shall mark off the Ground round said Hospital, at a Distance not less than Two Hundred Yards every Way therefrom, and set and maintain a sufficient Guard, to prevent all Persons in the Hospital from going beyond those Limits, and all Persons without, from passing within One Hundred Yards of them, without the Permission of the Directors of the Hospital, upon the Penalty of forfeiting and paying as a Fine, into the General-Treasury, *One Hundred Pounds* Lawful Money, to be recovered of the Town-Treasurer of such Town, by the General-Treasurer, at any Inferior Court of Common Pleas in the Colony.

AND be it further Enacted by the Authority aforesaid, That every Person passing the said Limits, without Permission as aforesaid, shall forfeit and pay as a Fine *Fifteen Pounds* Lawful Money, to and for the Use of such Town, to be recovered by the Town-Treasurer, at a special Court, to be called and holden in the same Manner as special Courts are called and held in other Cases; and shall also suffer Three Months Imprisonment, without Bail or Mainprize.

AND be it further Enacted by the Authority aforesaid, That it shall be the Duty of the said Guard, and they are hereby empowered, to apprehend and immediately commit to Gaol every Person who shall transgress with respect to the said Limits, there to remain until he shall be acquitted, or the Sentence passed upon him be executed; unless such Transgressor shall be under Inoculation, in which case he shall be carefully kept within the said Limits until he shall be recovered and cleansed, and then be committed to Gaol as aforesaid.

AND it is further Enacted, That if any Person, being so inoculated, shall after his Recovery from the Small-Pox go beyond the said Limits, without a Certificate of his being thoroughly cleansed therefrom, together with the wearing Apparel he shall carry out with him, he shall, in Default thereof, be liable to the Penalty of *Thirty Pounds* Lawful Money, to be recovered in Manner as above directed. And if any Person having such Certificate, shall by himself, or by Means of the Apparel he may carry out with him, communicate the

Small-Pox to any Person without the Hospital, the Doctor or Physician of such Hospital shall be liable to the Penalty of *Thirty Pounds* Lawful Money, to be recovered in Manner as above directed.

AND be it further Enacted by the Authority aforesaid, That no Person shall carry out from the Hospital, where he may be inoculated, any Bedding or other Articles, Linen Sheets and his wearing Apparel as aforesaid excepted; and that every Article which he shall carry out shall be particularly enumerated in the Certificate from the Doctor or Physician of such Hospital, under the Penalty of *Thirty Pounds* Lawful Money, to be recovered of such inoculated Person so offending in Manner as above directed.

AND be it further Enacted by the Authority aforesaid, That any Town in which an Hospital shall be established as aforesaid, be and hereby is empowered to make such further Regulations, to prevent communicating the Infection from the Hospital in such Town, and to lay such Fines and Penalties upon the Offenders as they shall think proper: And that all Acts made by such Town in that Behalf shall be of the same Force and Validity as if enacted by this General Assembly.

Protest against
the Act per-
mitting Ino-
culation.

THE Subscribers protest against this Bill's passing into an Act, for the following Reasons, *to wit* :

FIRST, For that although we urged, that in a case of such vast Importance as intimately affects the Lives, Safety, and Well-being of the Community, the Consent and Approbation of our respective Constituents ought to have been first had and obtained, yet this Motion hath been rejected.

SECONDLY, For that an Act of this Kind hath not been suffered to continue but for a short Time in any of the *New-England* Colonies; and that where it hath been permitted or winked at, it is now entirely discontinued, and discountenanced.

THIRDLY,

June, 1776.

THIRDLY, For that there is in this Act no Provision made for the Poor, who are by far the much more numerous Part of the Community.
